

# You are a rarity. Your transition is a rarity. Your belongings are a rarity. Ararity can help.

At Ararity Services we transform what may seem like a daunting endeavor into a manageable and fulfilling experience. No detail is too small, and no job is too vast or unwieldy for Ararity Services. In addition to prioritizing exceptional personal service to our clients, we always ensure that our clients' treasures and lifelong possessions are kept, resold, donated, and/or recycled in the way that will benefit them the most. We care about our clients as precious rarities and aim to hold their hand throughout every step of their transition journey.

## Initial Consultation

Ararity Services offers complimentary in-home and virtual consultations to discuss your specific move management needs. Whether you need a personalized floor plan or a detailed downsizing and decluttering action plan, we can help you feel more informed and prepared for any upcoming transition.

## Project Coordination

From start to finish Ararity Services can create an action plan for your transition, from preparing for a move, executing the move, and determining next steps for unwanted belongings. We will coordinate with all pertinent parties, including homeowners, relatives, caregivers, guardians, estate executors, administrators, and attorneys.

## Downsize, Smartsize & Organize

Ararity Services will support evaluation, decision-making, and action around household belongings so that you can smartsize with belongings that you choose to keep. We will help sort, organize and declutter unwanted items and coordinate efficient and equitable placements for them, leaving you free and clear to move to your new space with only the items you truly want.

## Pack, Move, Unpack

Ararity Services will professionally pack your belongings, transport your belongings, and unpack and resettle your belongings so that you feel right at home. We will also pack items slated for storage, donation and/or auction and transport those items to the appropriate destination.

## Home Staging Solutions

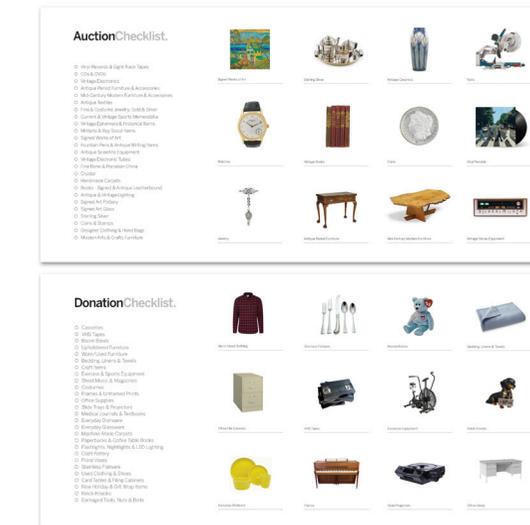

Ararity Services can provide recommendations to improve the exterior and interior appearance of your home to project the most appealing vision to a prospective buyer. We can determine a customized staging design plan and execute that design plan utilizing select furniture and accessories that will enhance your home's best attributes.

## Sell, Donate & Recycle

Ararity Services has the ability to conduct comprehensive clear outs of unneeded items. We can pack and arrange for the most profitable sale of unneeded items through various auction platforms. Items more appropriate for donation are packed and delivered to local charities, and recyclable items are delivered to the appropriate recycling venue.

## Sell? Donate? Recycle?

### Our expertise means maximum value.

Along with our essential expertise and equipment, (including an experienced downsizing staff and trucks operated by our sister company Ararity Hauling), Ararity Services also possess unparalleled connections to resale and donation marketplaces. Our knowledge of the most lucrative and cost-effective resale and donation markets allows our clients to maximize the value of the items in their homes.

to request a complimentary consultation.

## Every Home Holds a Treasure.

Our in-depth merchandising knowledge allows us to identify relevant items of value in every home. At each job, we seek to discover items that owners themselves may not have considered worthy of resale or donation, and our clients are thrilled when they are able to realize unexpected profits.

Blue Streak Pedal Car, circa 1965

There are unexpected treasures in every home.  
Our experts can find collectibles and objects of value where most people can't.
